The World Wide Fund for Nature (WWF) is a very large charity in the world. They first started in 1961 in Switzerland. They work in six areas: food, climate, freshwater, wildlife, forests and oceans. The WWF has offices in more than 100 countries. To help the WWF, people can 'adopt' an animal. People can choose the animals they like, such as tigers, butterflies, bears, birds, etc and make a donation. The WWF will send them photographs, information and an adoption certificate. It's a great way to learn more about animals. Or they can donate money by buying toy animals. The WWF-Vietnam started in 1985. They help to save wild animals, such as Saolas, rhinos, elephants, tortoises and turtles. They also make wildlife documentaries to teach young children to love wild animals and live in peace with nature.
