In the second conditional, we use *If/Unless* + _____, + _____ + _____.

Complete the email with the correct form of the words in parentheses.

New Message

Hi, Silvia!

I'm really sorry to hear that you've been sick! My brother Shaun had a really bad headache last month and if Shaun gets a headache, he normally **1** _____ **(feel)** terrible, so we had to see the doctor.

Anyway, I'm replying to your email about the homework. Mr. Riley asked us to do a short presentation about renewable energy. So far, I've discovered that fossil fuels still produce nearly 80% of the world's energy, which is a big problem because unless we **2** _____ **(change)** to renewable energy, oil will run out in about fifty years.

I know that we **3** _____ **(have)** a better way to make energy if governments invested in alternatives! Did you know that in Brazil they have cars that use sugar as fuel? It's amazing!

Now, if I **4** _____ **(am)** you, I'd use the Energy Information Association (EIA) website or the Word Wildlife Fund website. Obviously, if you don't use an official website, you **5** _____ **(need)** to check that the information is reliable.

It's nice to be helping you for a change! I am always the one who **6** _____ **(call)** you if I need help!

See you on Monday!
Alesha
