How far we've come – By Now United

We all come from different places	we won't stop until we get it all
Look at how far we've come now	Different smiles and different faces
Every day's a celebration	With you right here, it's twice as nice
When I feel that good vibration	We got dreams that we are chasing
We made it up to the top now	These moments we treasure will only get better
Flying high, we are the climate	The view's just right under the lights
No looking down, we're only rising	Every mountain we keep climbing
Living life like a vacation	We work hard, we chase it, could never be faded
now united	Forever the greatest, won't stop 'til we make it (oh)
