You can use a dictionary if you wish, but you don't have to understand every word to do this test.

B77 1 For each line (1, 2, 3, 4, 5), first listen to the whole line, then circle the one word, or part of a word, that is said twice. Note that meaning is not important in this exercise. The purpose is to review the sounds by hearing them in contrast. Some of the words are rarely used in everyday English, and this is shown with an asterisk *. Incomplete words have the rest of the word written in brackets, e.g. *Woy(Woy)*.
