Remember to:

- Take your time and write in as much detail as possible.
- Write in complete paragraphs.
- Use Social Studies vocabulary
- Write a minimum of 15-20 lines

Prompt

Describe how water has been essential in our world throughout history to today. Consider different forms of water, such as rainfall, rivers, canals, oceans, or even swimming pools. Also think about all the ways that water is used by people, animals, businesses, and for recreation.
