Read the paragraph. Complete the sentences with the words in the box.

telescope	spacecraft	observatory	~~universe~~	meteorite

Marco wanted to be an astronaut someday and travel though the universe (1) in a _____ (2). One day, Marco found a large, shiny, black stone in the park. He showed it to his father, who is a scientist. His father said that the stone could be a _____ (3). He asked Marco to bring the stone to the _____ (4) where he worked every night. "We'll show it to the other scientists," he said. "You can also look through the _____ (5) there." Marco was excited.
