

Oral Presentation: Pace and volume

Competence: Students deliver brief recitations and oral presentations about familiar experiences or interests that are organized around a specific topic demonstrating a command of basic English and the organizational and delivery strategies.

Achievement indicator: Students successfully organize and present different topics to specific audiences using verbal and non-verbal techniques with the teacher's guidance.

Instructions: Read, and check to assess your oral presentation practice.

			
Pace My audience understood my oral presentation.			
Volume My audience could hear my presentation easily.			
I kept the eye contact with my audience all the time.
