Reading Comprehension Passage
Tommy's Lesson

In a quiet village, there lived a boy named Tommy. Tommy loved playing soccer and spending time with his friends. However, when it came to his studies, he often procrastinated. As the final exams approached, Tommy thought, "I still have time to study later."

The day before the exams, Tommy decided to play soccer instead of reviewing his lessons. "I'll be fine," he told himself. But when he sat in the classroom the next day, he felt anxious. The exam papers were filled with questions he didn't remember learning.

As he looked around, he saw his classmates writing confidently. Tommy tried his best, but he could not answer most of the questions. When the results came back, he was heartbroken to see that he had failed.

Feeling sad and embarrassed, Tommy went to his teacher, Ms. Garcia. "I didn't study, and now I failed," he admitted. Ms. Garcia smiled kindly and said, "It's okay, Tommy. This is a lesson for you. Reviewing your lessons is important. It helps you remember and understand better."

Tommy nodded, realizing that he needed to change his habits. He promised himself that he would study regularly and review his lessons every week. The next time exams came around, Tommy was prepared. He studied hard and passed with great marks!

From that day on, Tommy learned the importance of studying and never took his education for granted again.
