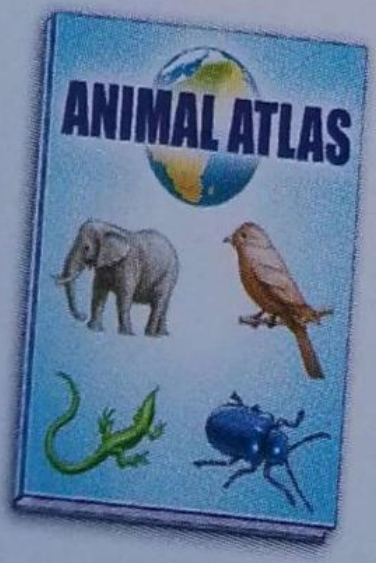
This beautiful book has amazing pictures and information about the **mammals**, birds, **reptiles**, fish, and **insects** of the world. Each page shows a different **habitat** and the **unusual** animals that live there. You'll find **lemurs** and **chameleons** in the rainforests on page 10. Look carefully, the chameleons are **camouflaged** ... [read more]



2 Find and write the words.

.....

mammals: *noun (plural)* Animals not born from eggs, e.g. lions, lemurs, and people.

_____: *adjective* Different and interesting.

_____: *noun (plural)* The place where an animal lives.

_____: *noun (plural)* Small animals with six legs (and often wings), e.g. butterflies, ladybugs, and mosquitoes.

_____: *noun* Animals born from eggs, e.g. lizards, snakes, and chameleons.

_____: *adjective* Matching the color and patterns of the place where they live.

3 Check with a friend. Use the new words.

How many mammals live in your house?

Six. Me, Mom, Dad, my brother, our dog, and our hamster.
