1/. Matching 1

bring - artisans - support - electrician - craft village - Community- facilities - friendships

People worked together in a lively **1**..... to create beautiful handmade items. This close-knit **2**..... was filled with talented **3**..... who made everything from pottery to jewelry. A friendly delivery person would **4**..... supplies to the villagers each week, ensuring they had everything they needed to keep their crafts going.

One of the villagers, an expert **5**....., was always ready to help. He ensured that the lights in the village stayed on and that all the tools were safe. He also offered fun workshops for the kids, teaching them about electricity and how to fix simple things around the village.

With the help of the **6**..... they built together, like a shared workshop and a small gallery to display their work, the craft village became a place where everyone could learn, create, and **7**..... one another. It was a special place where **friendships** blossomed (nảy nở) and creativity thrived!(phát triển)
