Read the text and answer the questions below.

Şirince is a lovely touristic and historic village in Selçuk, İzmir. This pretty old village was built around 800 years ago. After the population exchange in 1924, Muslims from Salonica began to live there. Villagers gave the name Kirkince (Çirkince) to it as they didn't want to share the beauty of their village with others. After a long time, visitors liked the village and gave the name "Şirince". People in Şirince lived in Ephesus many years ago, but they abandoned Ephesus in the 15th century. Today the village is on a hill, which is only 12 km away from Ephesus. The village is a perfect synthesis of Turkish&Greek culture. It is possible to see the beautiful traditional houses with their original outside characteristics. The women sell all kinds of handicrafts and olive oil in the narrow streets of Şirince. Cafés and restaurants offer you the perfect view of a valley covered with olive trees. You should absolutely visit Şirince to experience its unique tastes and to breathe the fresh air of the mountains.
