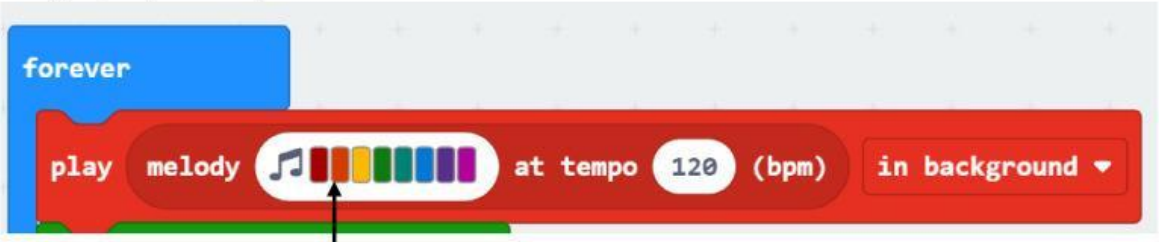
Start Here

LIVEWORKSHEETS

- First drag a forever block.

- Drag a play melody block into that block.



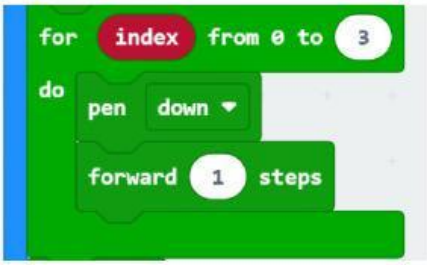
- Click on this. Click on the Scale under the Gallery shown there.

- Set the position to 0,2.

- Prepare to turn right.

LIVEWORKSHEETS

- Set the code to move forward three times. It should be given as pen down.



- To turn left direction, prepare the code as below.

- Index 2 contains the numbers 0 to 5. Let's prepare the code to move the pen from 0.5 to five seconds.
  - Give the values included in index2 for X position and 2 for Y position.
  - Give the Brightness as 39.
