A scary doll.

I have got a new birthday present, it's a doll! She is sad and a little scary. I put this doll in the box because I don't like her. Today is Halloween evening.
I'm sitting in my bedroom and playing. I can hear a crow, I can see the big moon. It's spooky ...
I'm hungry and I'm going to the kitchen to eat.
WHAT??
My doll is sitting on my chair!!... but I remember I put the doll in the box...
Okay, I'm picking up my doll and putting her in the cupboard.
I finished my dinner and I'm going to clean my mouth and hands.
I'm opening the bathroom door and
...the doll is **HERE**! In the bath! She is looking at me and...and...and...smiling.
WHAT IS IT??

I'm running outside and I'm screaming
"HELP, PLEASE! There is a monster doll in my house!"
But ... I'm looking at people's faces and they are all ... smiling dolls...
