STATES OF MATTER

DanielValGSDEE

1.- Read and write the changes of state.

a) From gas to liquid. _____

b) From liquid to gas. _____

c) From liquid to solid. _____

d) From solid to liquid. _____

freezing / solidification evaporation

melting condensation

2.- True or False.

a) Solids don't change shape. True / False

b) Liquids can change shape. True / False

c) Gases don't change shape. True / False

d) Solids change volume. True / False

e) Liquids don't change volume. True / False

f) Gases change volume. True / False

LIVEWORKSHEETS

3.- Complete:

LIQUID --heat--------> _____

SOLID --heat-------> _____

GAS --cold--------> _____

LIQUID --cold-------> _____

GAS

LIQUID

SOLID

4.- Name the states of water:

a) Solid water: _____

b) Liquid water: _____

c) Gaseous water: _____

water

water vapour

ice
