Rock It (Prime Jive) - Queen

When I hear that
It gets down to my soul
When it's real rock and roll

When I hear that rock and roll
It gets down to my
When it's real rock and roll
Oh rock and roll

Oh, oh, oh, oh, oh, oh
You really think they like to rock in
Well I don't know

What do you know
What do you hear
On the
Coming through the air
I said Momma
I ain't
I'm all right, all right
Hey c'mon baby said it's all right
To rock'n'roll on a night
I said "Shoot and get your suit and come along with me"
I said "C'mon baby down come and rock with me"
I said "Yeah"

What do you do
To get to feel alive
You go downtown
And get some of that prime jive
I said Momma
I ain't crazy
I'm all , all right
Hey c'mon baby said it's all right
To rock'n'roll on a Saturday…
