We take habits and characters from our family.

We take habits and characters from our family.

An adopted child has been legally taken by another family to be taken care of as their own child.

Identical twins are also known as monozygotic twins. They result from the fertilization of a single egg that splits in two.

Pulse Polio is an immunisation campaign established by the government of India to eliminate poliomyelitis in India by vaccinating all children under the age of five years against the polio virus.
