The Fish and The Monkey

Some men went out to sea in their ship on a sunny day. One of them brought his pet monkey along. One night, when they were at sea, it rained heavily. Then, a terrible storm overturned their ship. Everyone jumped into a small boat but the monkey fell into the sea. The birds saw the monkey first but they could not save it because it is too heavy. The octopus saw the monkey too and called a big fish to save the monkey.

Then, the big fish came and picked him up. The fish knew a safe place for the monkey. It was an island nearby. They soon went to the island and the monkey got off from the fish's back. The fish asked the monkey, "Do you know this place?" The monkey said, "Yes, I do. In fact, I know the king of the island. Do you know that I am actually the son of the queen?"

Knowing that no one lived there, the fish said, "Well, well, so you are the son of the queen! Now you can be a king!" The monkey asked, "How can I be a king?" As the fish started swimming away, he answered, "That is easy. As you are the only person on this island, you will of course be the king!"
