Where kids love coding

Addition and Subtraction Multi Step

1. A library has 42 books. In the morning, 18 books are borrowed. In the afternoon, 9 more books are borrowed. At the end of the day, there are 15 books left on the shelf. How many books were there at the start of the day?

2. John has 25 toy cars. He gets 12 more toy cars for his birthday. After playing with them, he loses 4 cars. How many toy cars does John have now?

3. Sarah had 30 pencils. She gave 7 pencils to her friend in the morning and 5 more pencils in the afternoon. How many pencils does she have left?

4. Emma had 48 stickers. She gave 16 stickers to her friends in the morning and then lost 8 stickers later. How many stickers does she have left?

5. There were 60 cookies in a jar. The kids ate 23 cookies in the morning and 14 more in the evening. How many cookies are left in the jar?
