How to understand money better

1. A savings bank is good but when you use a jar, you can see your money growing more clearly.
2. Wait. Make spending decisions more slowly than you would like!
3. Give to charity. Seeing that money can help encourage you to spend more carefully.
4. Plan. By looking at all the costs, you can make money go further.
5. Be happy. Your friends may seem to get things more easily than you, but you can't buy happiness.
