My best vacation

Last year, I went on a wonderful vacation to the Galápagos Islands. There was so much to see and do that I was excited the moment I arrived. The weather was perfect, and there were beautiful, clear skies every day. There wasn't any rain, and the temperature was just right for exploring the islands. During my trip, I visited several islands. There were giant tortoises on Santa Cruz Island, and I was amazed at how big they were. There wasn't much noise on the island, so it was very peaceful. I also went snorkeling, and there were many colorful fish swimming around me. I even saw a few sea lions playing in the water, which was amazing. The next morning, I took a boat tour to another island. While we were on the boat, there were some dolphins swimming near us, which made the experience even more special. There weren't any other tourists around, so I felt like I was in a hidden paradise. The landscapes were incredible, and I couldn't believe how beautiful everything was. My vacation in the Galápagos was unforgettable, and I hope to return someday.
