## A Famous Life: Audrey Hepburn

Audrey Hepburn was a famous British actress and humanitarian. She was born in 1929 in Belgium. When she was young, she lived through World War II, which was a very difficult time in Europe. She became famous in the 1950s and 1960s. She acted in many successful films and won important awards. People admired her beauty, elegance and talent.

Later in her life, she worked for UNICEF and helped children in poor countries. She travelled around the world to support humanitarian causes. Today, she is remembered not only for her films but also for her kindness and charity work.
