English Department
Mid-2nd Semester 2025-2026
Grade 9 / Reading / Homework (12)

Name: Class:

Read the text, then answer the following questions:

Jobs in the future will change because of technology and new discoveries. In education, teachers will use artificial intelligence and virtual reality to make learning more interactive. **Teacher's qualifications in the future:**
They will need a university degree in education, strong digital skills, creativity, and good communication skills.

In healthcare, doctors and nurses will work with smart machines and AI to **diagnose** and treat patients in a short time.
Doctors and nurses' qualifications in the future:
They will need medical degrees, continuous training, and the ability to use advanced technology. There may also be new careers, such as medical AI specialists who study both medicine and computer science.

Engineers and technology experts will design robots, smart systems, and clean energy projects.
Engineers' qualifications in the future:
These jobs will require strong skills in math, science, programming, and teamwork. Future careers will need digital skills, problem-solving, creativity, and lifelong learning.

1- What is the text **mainly** about?

2- What is the closest meaning to the underlined word "diagnose"?

مدرسة الشحانية الإعدادية للبنات
Ashahaniya Preparatory School for Girls
وزارة التربية والتعليم والتعليم العالي
Ministry of Education and Higher Education
