EJERCICIO 1. - LECTURA

"TED'S DAILY LIFE"

Ted is a 13-year-old boy. He is a student and he feels happy at school. Every day, he wakes up early and begins his day at 7:00 a.m. He always eats breakfast and drinks milk. His mother gives him food and brings his lunch. Ted always goes to school on time.

At school, Ted reads books and learns many things. His teacher teaches English and Ted speaks a little English. He often draws pictures and makes small projects. Sometimes he builds things in class. He likes to see his friends and say hello every morning.

After school, Ted runs in the park and sometimes rides his bike. He often plays with friends and they have fun. They sometimes catch a ball and throw it. Ted never steals things because he is a good boy. He always keeps his things safe.

At home, Ted does his homework and reads again. His father drives him to places sometimes. Ted eats dinner with his family and drinks water. He sometimes thinks about his future. He wants to become a pilot and fly airplanes.

At night, Ted sleeps early. He feels tired but happy. He never leaves his homework incomplete. Sometimes he finds new ideas and writes them. He knows that studying helps him grow. Ted always tries to be a better student.
