Read the sections of the story of Titanic and put them in order.

a. The ship broke into two pieces and began to sink. At first she sank slowly, but then she went down very quickly.

b. Finally,the people in the lifeboats were rescued by another ship,the Carpathia.It took her more than four hours to pick everybody up.

c. The Titanic set sail from Southamton in England on 10 April 1912.It was her first voyage.

d. Although some people escaped in lifeboats,others jumped into the sea.However,the water was freezing cold and most of them drowned.

e. For the first two days,she sailed across the Atlantic Ocean on her way to New York.The weather was calm and peaceful.

f. Suddenly,late at night on 14 April 1912, the Titanic hit a huge iceberg.It was 30 metres taller than the deck of the Titanic and the most of it was under water.
