Best Italian in BA run by Donato

A few days ago, I went to Cucina Paradiso with my friend

It is and run by Donato Di Santis, the famous chef that's on TV in Masterchef.

Donato is a five michelin chef so

Unluckily you can't book in advance so . The room is extremely small and it's always full, so

We ordered an enormous portion of homemade lasagna and my friend ate the burrata salad.

it was like travelling to Italy with your senses.

Being a famous restaurant it is obviously expensive but it is worthy.

and enjoy the experience of an amazing Italian menu.

I expected his restaurant to have a delicious and original menu.

I highly recommend you go

I also expected to be a bit crowded.

Both dishes were delicious,

to celebrate my birthday.

we waited for about an hour at the entrance.
