Hi, I'm Ana and I am going to tell you my plans for this weekend. I always plan something different because I enjoy doing special activities. This Saturday I'm going to go visit my grandmother, she lives on a farm, and I love going there because I can **interact** with the animals. When I arrive there, I am going to visit the horses, I love them! my favorite one is a black horse named Lucas; he is the best at running. I am also going to help my grandma **milk** the cows, she **taught** me last year and I think now I'm better at it.

On Sunday, we are going to help clean the yard and **pick up** some leaves because we are in Autumn. I am going to come back on Sunday afternoon to be ready for school on Monday.

I'm going to have so much fun!
