LESSON 4 - Breaking News and Reported Speech

Listen and choose the best answer.

1. What is the main purpose of the text?

a) To prove the moon landing was fake
b) To compare two opposing viewpoints
c) To describe how astronauts work
d) To explain how cameras function

2. What is implied about the people who believe the conspiracy theory?

a) They completely ignore evidence
b) They rely on certain visual details
c) They trust scientists
d) They have scientific proof

3. What assumption is behind the argument about the flag?

a) Movement cannot happen without wind
b) The moon has a strong atmosphere
c) The flag was broken
d) The video was edited poorly

4. Why is the absence of stars considered "strange"?

a) Because the moon is too bright
b) Because stars are always visible in space
c) Because cameras cannot capture stars
d) Because astronauts removed them

5. What contrast is presented in the final paragraph?

a) Belief vs evidence
b) Science vs technology
c) Past vs present
d) Reality vs imagination
