49 Rose Road, Lincoln
Phone: 5777-5965

READING

Read the text and answer the questions.

Star Athlete Day

Star Athlete Day was first organised over thirty years ago. During this sporting event, the best athletes from fifteen of the local schools take part in over twenty different races. These include athletics, cycling and swimming races. There is also the famous tennis running race. During this race, a person runs and, at the same time, hits a ball into the air with a racket. It's great fun! Star Athlete Day takes place at a different school each year at the end of May. The first trophy was won by Southfield School. The head teacher of the school said that they had been the champions five times so far! The only school which has done better than that is King George's School. They have won the competition seven times! People always look forward to the event and each year the races are watched by hundreds of students, parents and teachers. Last year, almost a thousand people came along to watch!

1. How many schools join the sporting event?

_____

2. What sports equipment is used in the tennis running race?

_____

3. Which school has won the competition the most times?

_____

4. How many spectators were at the event last year?

_____
