Student's Name : _____

1. Read the text and answer the following questions:

Planet Protectors Hoor and Afra

Hoor and Afra are planet protectors who love the Earth. They travel to forests, oceans, and cities to keep nature safe. Hoor takes care of the air and sky, while Afra protects the land and animals.

Every day, they work together to stop pollution and help the environment, Afra picks up plastic and other trash and makes sure to recycle and reuse what she can. Hoor cleans the air and reminds people to save energy.

They also talk to people and teach them how to take care of the planet. They tell everyone to recycle, reuse, and reduce waste. They remind people to save water, throw trash in the right place, and protect nature.

1. What do Hoor and Afra protect?
   a) earth.
   b) cars.
   c) buildings.
2. What does Hoor take care of?
   a) the air and sky.
