EX10.1.Read the following passage and mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

BENEFITS OF VIDEO CONFERENCING

Video conferencing is the technology that allows you to hold meetings with people who are in different places while seeing them and talking to them in real time. It is different from simple video calling, which is often one-to-one video communication. In the past, video conferencing needed complex and expensive equipment. Today, it's easy to join in a video conference on your computer or smart phone with Internet connectivity. Moreover, video conferencing is also an important tool for people who work away from the office, often at home because it helps to save time and money for them.

Video conferencing can help teachers in teaching, too. Video conferencing is a great way of learning and sharing knowledge beyond distance. Courses can take place with the teacher and each different student living in a different location. This will help education spread even to remote mountainous areas.

Question 31: Video conferencing helps people _____.
A. Send message B. send snail mail C. send snail mail D. hold meetings

Question 32: How does video conferencing help people?
A. It helps connect people in different places in real time
B. It helps connect people in different places in future time
C. It helps connect people in same places in real time
D. It helps connect people in same places in future time

Question 33: What can people do with video conferencing?
A. People can see and touch each other
B. People can see and use telepathy
C. People can see and talk to each other
D. People can talk and touch each other.

Question 34: Which statement below is **NOT TRUE**?
A. Video calling is often one-to-one communication
B. Video conferencing can happen between many people
C. In the past, video conferencing needed simple equipment
D. Today, video conferencing only needs smartphone with Internet connectitvity.

Question 35: The word **"allow"** is **OPPOSITE** in meaning to .
A. enable B. permit C. let D. prevent

Question 36: The word **"expensive"** is **CLOSEST** in meaning to .
A. Unaffordable B. cheap C. reasonable D. consumable

EX10.2.Read the following passage and mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

LIVEWORKSHEETS

Read the following passage and mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

As the name implies green technology is the one that has a "green" purpose. Green inventions are environmentally friendly inventions that often involve: energy **efficiency**, recycling, safety and health concerns, renewable resources, and more. One of the best known examples of green technology would be the solar cell. A solar cell directly **converts** the energy in light into electrical energy. Generating electricity from solar energy means less consumption of fossil fuels, reducing pollution and greenhouse gas emissions. Another simple invention that can be considered green is the reusable water bottle. Drinking lots of water is healthy. Reducing plastic waste is great for the environment. Hence, trendy reusable water bottles that you can refill yourself are health-promoting, eco-friendly, and green. Inventors should know that green inventions and clean technologies are good business. These are fast growing markets with growing profits. Consumers should know that buying green inventions can reduce your energy bill and that green inventions are often safer and healthier products.

Question 31: Which can be topic of the passage?

A. A brief introduction to green technology

B. A deep investigation into green technology

C. A comparision between green and traiditional technology

D. The development of green technology

Question 32: Which item is **NOT MENTIONED** as an example of green technology?

A. Solar cell B. Reuseable water bottle

C. Refillable water bottle D Fossil fuel

Question 33: Why should green technology be a good choice for consumer?

A. Because it can help consumer save money

B. Because its products are often safer

C. Because its products are often healthier

D. All are correct

Question 34: Which sentence is **NOT TRUE** according to the passage?

A. A solar cell indirectly converts the energy in light into electrical energy

B. Using solar cell can reduce greenhouse gas emissions.

C. Green technology is a fast-growing market

D. Green investions are environmentally friendly

Question 35: The word "**convert**" is CLOSEST in meaning to ____.

A. Change B. Mix C. Create D. produce

Question 36: The word "**efficiency**" is OPPOSITE in meaning to ____.

A. wasteful B. Effective C. well-done D. unproductiveness

LIVEWORKSHEETS
