Name: _____

3.REDUCE, REUSE, RECYCLE

Lesson 4: the 3Rs and paper

This is the **recycling symbol.**
It reminds us of the **3Rs: Reduce, Reuse and Recycle.**

REDUCE

Use less paper

RECYCLE

Make new paper from old paper

REUSE

Use paper again

The order is important: first reduce, then reuse, and finally recycle.
This helps us take care of our planet.

Did you know?

Recycling paper as heavy as a **small car** can save about **17 trees.**

Did you know?

One pack of paper needs a lot of water: **about 5,100 small bottles!**

Did you know?

One **piece of paper** can be recycled up to **7 times!**

TASK 1 – Read and put an X in the correct column.

1. Use less paper. 
2. Use paper again. 
3. Put paper in the blue bin. 
4. Write on both sides. 5. Make a craft with old paper. 
6. Make new paper from old paper. 

Reduce	Reuse	Recycle
