LEVEL 5 Lesson: 38

READING COMPREHENSION:

She is Leila. She is young and shy so she doesn't have many friends. Besides, she isn't talkative. She is 23 years old and she is studying nursing at UBA and she is in her last year.

She really likes medicine but she can't deal with patients because she is very shy but she is working on it because she likes her major.

Yesterday she was at home, she wasn't at the university. She was with her friends but they weren't at the park, they were at home because it was raining.

Her friends are very nice, Micaela and Tomi are always with her. Micaela is older than them but Tomi is the tallest from the group. They study together every friday but they don't watch movies because they are very busy.

At the moment they are drinking mate and studying but Micaela is not studying, she is reading a book.

TRUE OR FALSE:

1) She has siblings
2) She likes medicine
3) She isn't working
4) Yesterday she was at the university
5) She was with her friends
6) Micaela is taller than Tomi
7) Tomi is younger than Micaela
8) Leila is drinking mate
