Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 1 to 6.

Most people know that sleep is important, but few realise just how much the body depends on it. While you sleep, your brain still works hard to process information and strengthen memories from the day. Research shows that during deep sleep, the brain removes toxic proteins that could lead to serious illness. Sleep also plays a **vital** role in physical health. The immune system becomes stronger after a good night's rest. In contrast, people who regularly sleep fewer than six hours per night are more likely to suffer from stress and other diseases.

For teenagers, the situation is especially critical because they need between eight and ten hours of sleep per night for healthy brain development. However, many teens get less than this because of school schedules and social networking at night. Experts warn that lacks of sleep not only affect concentration but also become a serious **hazard** to their health. Simple changes, such as turning off devices one hour before bed, can make a difference.

Question 1. What is the main idea of the passage?
A. Screen use at night causes teenagers to feel tired.
B. Sleep is important to both physical and mental health.
C. Teenagers need more sleep than adults do.
D. Sleep plays a minor role in physical health.

Question 2. According to the passage, what does the brain do during deep sleep?
A. It slows down completely. B. It produces new memories.
C. It takes away harmful proteins. D. It is inactive and doesn't work.

Question 3. How many hours of sleep do teenagers need each night, according to the text?
A. Exactly seven hours. B. At least six hours.
C. From eight to ten hours. D. More than ten hours.

Question 4. Which of the following is TRUE according to the text?
A. Turning off devices before bed can help improve sleep quality.
B. People who sleep fewer than six hours are less likely to become ill.
C. Social networking does not affect teenagers' sleep habits.
D. The brain is completely inactive during sleep.

Question 5. Which word is OPPOSITE in meaning to "**vital**" in the passage?
A. unpleasant B. unimportant C. essential D. demanding

Question 6. Which word is CLOSEST in meaning to "**hazard**" in the passage?
A. priority B. function C. threat D. distraction
