Match each problem with the best piece of advice

1. My laptop is overheating. What should I do?
2. My phone won't charge. Can you help me?
3. My printer has a paper jam. What should I try?
4. My wireless earbuds won't connect. What should I do?
5. My laptop is too slow. Any ideas?
6. My smartphone has no signal. What should I do?
7. My printer is out of ink. What should I do?
8. My smartwatch won't connect to Bluetooth. Any advice?
9. My screen is frozen. What should I do?
10. My router isn't working. Can you help me?
11. My battery drains quickly. What should I do?
12. There is no sound on my Bluetooth speaker. Help!

A. Have you tried reconnecting it to Bluetooth?

B. Try turning Airplane Mode off and on again.

C. Why don't you remove the jammed paper carefully?

D. Try restarting the device.

E. Why don't you restart the router?

F. You should replace the ink cartridge.

G. You should check the volume and reconnect the speaker.

H. Maybe you should pair the earbuds again.

I. You should close unnecessary programs and update the software.

J. Try restarting your laptop and cleaning the air vents.

K. Have you tried using another charging cable?

L. Maybe you should reduce the screen brightness and close apps.
