Tangled Up

Caro Emerald

I ---------- the perfect avenue, down the --------- to both of you
Did I go dutch?
This is too much!
With all the ---------- in the world
You could ----------buy this girl
Quite enough, it will be ----------
If romancing me with neons is something you ---------- do
May the letters write in luminous, in-lou

And get me wicked up
---------- it up
Tangled up
You could be breaking up,---------- up
Tangled up
You can't be faking it,
Making it from my ----------
With all this tragedy, don't get me tangled up

I can't separate your ----------,
To me you're acting like you're twins
This is a ----------,
Is this a test?
How many ---------- do I get?
Till only one of you is left
You're quite the same,
If love's the gain
I ---------- to see emotions coloring the sky
To the point it will make me wanna ----------

And get me wicked up
Shake it up…
