Listening: Why is college so expensive?

1/ Click on the link to watch the video and take notes (a lof of them!)

2/ After watching the video, write a synthesis to explain:

- The current student debt situation
- How tuition fees cover college costs
- the current financial model for higher education in the US
- the evolution of tuition fees
- the organization of the higher education system
- Higher education from a political point of view

→ You will have to organize and categorize your notes in order to answer the different questions thoroughly.

Students who provide a long-detailed synthesis will get a 2/2. Students who may not develop their work will only get a 1/2.
