## TEXT 2 Make a Wormery

Make a **wormery** to see how worms look for food.

You need:

- Box
- Bottle
- Soil
- Sand
- Potato
- Onion

1. Cut **holes** at the top of the box.
2. Put **layers** of soil and **sand** into the bottle.
3. Put the **potato** and **onion** on the top.
4. Put the worms in the **bottle**. Then put the bottle in the box and close the door.
5. After 4 days, look at the bottle. The worms mix the layers when they go to the top for food.

**VOCABULARY**

wormery holes layers sand potato onion bottle

## TEXT 3 A Wormery

6

**Instructions:** Label the picture of the wormery with words from **TEXT 2**.
