ASSIGNMENT IN CLASS
ENGLISH 5TH FOM

1 **Read and circle *yes* or *no*.** **/10 marks**

Hi Harry,

How are you? I've got lots of news to tell you. We have a new science teacher. I really enjoy being in his classes. Sometimes we do some experiments with different liquids. We boiled them, and then cool them. It is fun, and I learn a lot. If water boils, it turns into a gas. Isn't that interesting? I always want to carry on doing experiments all day! Do you fancy coming to my house on Saturday? Dad suggests going on a long walk, but I don't like long walks! We could go mountain biking with my brother. I can imagine going really fast down the mountain near my house. It would be really cool!

Call me later and let me know please.
