

GRAVEYARD by Halsey

It's _____ when
The thing you love the _____ is the detriment
Let that _____ in
You can think _____
When the hand you wanna hold is a _____ and
You're nothing but skin

Oh, 'cause I keep digging myself down deeper
I won't stop 'til I get where you are
I keep running, I keep running, I keep running

They say I may be making a _____
I would've followed all the _____, no matter how far
I know when you go down all your darkest _____
I would've followed all the _____ to the graveyard

Oh, 'cause I keep digging myself down deeper
I won't stop 'til I get where you are
I keep running when both my _____ hurt
I won't stop 'til I get where you are
Oh, when you go down all your darkest _____
I would've followed all the _____ to the graveyard (no, oh)

You look at me
With _____ so dark, don't know how you even see
You _____ right through me
It's getting _____
You lock the _____, you're drunk at the steering wheel
And I can't conceal

Oh, 'cause I've been digging myself down deeper
I won't stop 'til I get where you are
I keep running, I keep running, I keep running

They say I may be making a _____
I would've followed all the _____, no matter how far
I know when you go down all your darkest _____
I would've followed all the _____ to the graveyard

Oh, 'cause I keep digging myself down deeper
I won't stop 'til I get where you are
I keep running when both my _____ hurt
I won't stop 'til I get where you are
Oh, when you go down all your darkest _____
I would've followed all the _____ to the graveyard

Oh, it's funny how
The warning signs can feel like they're _____

Oh, 'cause I keep digging myself down deeper
I won't stop 'til I get where you are
I keep running when both my _____ hurt
I won't stop 'til I get where you are
Oh, when you go down all your darkest _____
I would've followed all the _____ to the graveyard
