FEARLESS

Louis Tomlinson

Cash in your _____ treasures
For a suit and _____
A _____ wife
Now, I'm not saying that you could have done better
Just remember that I
I've seen that fire _____

Tell_____, do you
Tell me, do you still remember feeling _____?

Tell me the truth
Tell me, _____ you still remember feeling young?
_____ enough to get it wrong
In front of all these _____
Just for tonight, look inside and spark that memory of you
Strong enough to get it _____
In front of all these people

Fearless, _____(X2)

Now, if happiness is always _____
By the life you _____

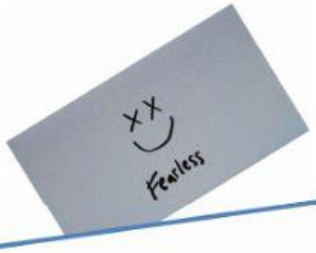
That car in the _____
Then you should feel better than ever
But you know as well as I
It's all _____

Tell me, do you
Tell me, do you still remember _____ young?

Tell me the _____
Tell me, do you still remember feeling young?
Strong enough to get it wrong
In front of all these _____
Just for tonight, look inside and spark that memory of you
Strong _____ to get it wrong
In front of all these people

Fearless, fearless(X4)

Tell me, do you
Tell me, do you still remember _____ young?



What have the artists said about the song?

"What I wanted to try and capture with the song is the idea of feeling youthful and how important that is. I'm at this age where I'm on the cusp—I'm definitely not a teenager, I'm not a young lad anymore, nor am I old, but I sit in this space where I'm aware of my age now. I hear it as a playground or going back to real youth."
