Mobiles : Good or bad ?

Everywhere you go nowadays, you see people using mobiles. From school children to retired people, you see them talking in the supermarkets, on trains, in the street, everywhere! So what are the advantages of mobiles?

First of all they are very convenient because you can phone from nearly anywhere. Another advantage is that they are really useful in emergency situations. For example, if you are alone in your car and it breaks down, you can get help quickly. In addition, you can also use your mobile to text your friends or connect to the internet.

However, There are disadvantages such as the cost. Some mobiles calls still cost more than normalcalls. Furthermore, it can be annoying if you are on a train or a bus and you have to listen to someone else's boring conversation.
