E. Read and select the correct answers.

My name is Bob and I **live** in Kingston, a big city in Jamaica. My mum is a **hairdresser** and my dad works in a music shop. They sell drums and guitars. We have a pet lizard called Cool Man. I live in a small house near the beach. There is a big park opposite my house. I often go **to the park to play** football, or ring games or clapping games with my friends. I love it! I always walk to school with my dad in the morning. **My school** is between a cafe and my dad´s music shop. I love my school because there's lots of trees for climbing in the yard and lots of space for running. I am good at running. My favourite subjects are art and music, but I like math too. **When I grow up** I want to be a musician. After school I do my homework with my mum and then I go play.
