Bolivia's New Jazz Sensation Is Just Seven Years Old and Blind

Jose Andre Montano Baina is taking the world music scene by storm. How about the fact that Jose is just seven years old and is blind (слепой)! The young musician began to show signs of his great talent at the age of four when he started playing the drums. After mastering them, he quickly moved on to the piano and by the age of five formed a jazz trio! And, while the young boy knows every jazz song in the book and can play them all with great ease, though it is not the only kind of music he enjoys. He also loves listening to blues, heavy metal, tango, bolero and anything in between!

His extremely proud father says that he has nothing to do with his son's unusual talent. In fact, he didn't even know much about jazz until Jose started to play. He believes the young boy is just born with a *'music chip'* inside him! As for the young superstar he leads a pretty normal life despite all the fame.
