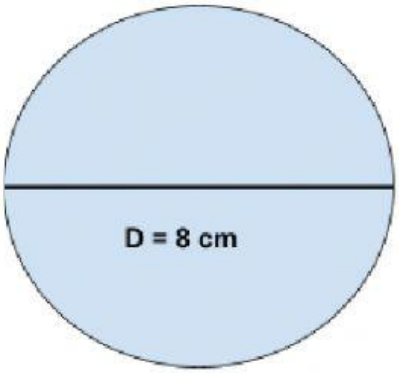
Finding Circumference and Diameter

$\pi = 3.14$



D = Diameter

If this circle has a Diameter (d) of 8cm, what is its Radius (r)?

r = ___ ÷ 2

d = ___ cm

= 8 ÷ 2

Drag answers to their correct boxes

= ___ cm

d 8 4

What is this circle's Circumference?

C = π x d

= ___ x ___

8 4 3.14 25.12

= ___ cm
