This was on my birthday in 2017! We were having a picnic in the park. It was a sunny spring day. I was with my parents and my cousins. We were listening to music, eating ice cream, and having fun. It was the best birthday party ever!

This was four years ago. We were staying with friends in the mountains for winter break. It was very cold and snowy. This girl was my best friend, Cath. We were building a snowman and dressing it in my dad's clothes! That was a great day.

This was last year on our summer vacation. Our family was spending the day at the beach near our town. It was hot and sunny. My brothers were building a sandcastle, but I wasn't helping. I was sunbathing with Mom. It was a really lovely day!
