A These are old TVs from the U.K. in the 1950s. They're black and white TVs, not color. They're big and brown, but their screens are small and white.

B This is one of the first personal computers in the world. It's American and it's from 1977. It's white and its screen is small.

C This is the world's first cell phone from 1983. It's from the U.S. That thing on top of the phone is an antenna. It's very long!

D These are old game consoles from the 1970s. They're big, and their games are big, too.
