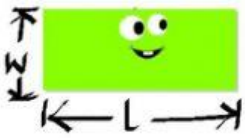
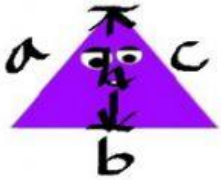
Activity

Identify the basic shapes from the image below and write the name of the shape and formula to find the area and perimeter of the shape.

Drag and drop the respective formula from the hint box

Name of the Basic Shape	Formula to find area	Formula to find perimeter
		
		





$l \times W$ $\quad \frac{1}{2}(bh)$ $\quad \pi r^2$ $\quad 2\pi r$

$2L+2W$ $\quad a+b+c$ $\quad S \times S$ $\quad 4 \times s$
