CASE STUDY

Instructions: Read the case study and answer all questions.

Andrew is 16 years old and lives in the Garrison Community of Canterbury. Andrew has not lived an easy life. His mother is unemployed and his father sells in the market. At times Andrew was unable to attend schools as sometimes his mom and dad had no money but somehow he managed to do well academically at Alcott Technical High School. Each day Andrew longs for a better life, an easier life but he knows that the only way to achieve that is by doing well academically.

One day, while walking from school Andrew was approached by one of the gang members of the "Scare Dem Crew" who promised Andrew a better life once he joined their gang. He told Andrew that once he joins the crew he will have no need to worry about money as he will be paid by the gang leader. Andrew started to consider that he does want a better life. When Andrew got to school the next day he told his best friend Jeremy about the offer.

1. Should Andrew join the "Scare Dem Crew"?

2. Why should Andrew avoid joining the "Scare Dem Crew"?

3. As Andrew's best friend jeremy What would you advise Andrew to do ?

4. It is said that once a person refuses the "Scare Dem Crew" offer, the gang leader would send threat, using decision making skills, advise andrew on what to do if the gang leader should approach him
