Colegio Bicultural Cananea

Math Exam

2nd Period

3rd Grade

Mrs. Alejandra

Name _____

Date _____

Find the missing numbers in each pattern.

5,15,25,___,___,___

16,12,8,___,___,___

Complete the table. Write the rule for each table.

In	5	9	6	8	2
Out	3	7	4		

Rule _____

In	9	5	8	6	1
Out	12		11	9	

Rule _____

Round to the nearest ten to estimate each sum.

81+19 145+29

___+____=____ ____+____= _____

Round to the nearest hundred to estimate each sum.

312+189 141+195

___+____=____ ____+____= _____

LIVEWORKSHEETS

Estimate each sum by rounding. Then tell whether you overestimate or underestimate.

36+48

____+_____= _____ _____

456+399

____+_____= _____ _____

78+99

____+_____= _____ _____

Round to the nearest ten to estimate each difference.

568-259 426-315

___-____=____ ____-____= _____

Round to the nearest hundred to estimate each difference.

753-625 895-248

___-____=____ ____-____= _____

Find each sum.

23+65=_____ 76+44= _____

167+17= _____ 675+541=_____

20+324+80=_____ 404+345+118= _____

Find each difference.

50-25= _____ 42-28= _____

520-317= _____ 435-241= _____

308-188= _____ 600-305= _____
