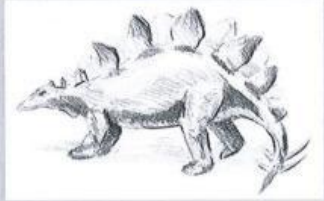
A passion for art

Susanna

I entered a drawing competition and I've just had some good news – I'm the winner! The judges loved my work – a picture of the moon. I often look at the night sky in my free time because I love the stars and the moon. It was difficult to get the picture right and I spent a long time drawing it. My picture is going to be in a magazine. I'm so excited!



Ari

My brother Isaac saw a drawing competition in a magazine and he told me about it. I had several pictures already because I love drawing in my free time. I often draw animals, like tigers, lions and horses. However, I decided to enter a picture of a dinosaur. My picture won third place – I got £50 and I was happy about that. I'm going to enter again next year and I'll try to draw my best picture ever.

Nikos

We've got an amazing castle in our town, and I decided to draw it for a competition in an art magazine. The prizes were an art book for third place and £60 for second place. For first place, they put your picture in their magazine. Although I really hoped to win the money, I was really pleased when I won! It was great to see my castle picture in a really cool magazine.
